Description of the process (whether alone, accompanied by teammates, friends, campaign workers... etc.)

We went in pair to observe the campaign activities in the constituency. We firstly saw the forum of candidate no.1 and observed her for a while. We took a few pictures of her and her banners (which introduce her work and future plan). Then we walked around and found the forum of candidate no.2. We also observed him for a while and took some pictures.

Record the main purpose of your field trip by ticking on one or more of the following objectives:

- To count, record, and analyze the content of campaign posters, banners, leaflets, etc.
- To observe campaign activities, like forums, door-to-door visits, open petitions, on-street broadcast, etc.
- To interview candidates and campaign workers.
- To interview electors and ordinary residents.
- To take pictures, or collect campaign material for scanning.
- Other purposes (please specify) : _____

Recording basic figures – like how many posters and where, how many people attended the forum during different time period...etc

Description of findings – could be in the form simple narrations, or in the form of questions and answer...

| Candidate no.1's forum was near the MTR station exit in Jardine's Street while candidate no.2's forum was in the street. They distributed leaflets and gave speeches through the speaker. Their promotion was much keener than before. However, when we asked some electors about their views, we found that most of them were not in favour of candidate no.1 because of her political party background. |
