Accompanied by teammate

Record the main purpose of your field trip by ticking on one or more of the following objectives:

- To observe campaign activities, like forums, door-to-door visits, open petitions, on-street broadcast, etc.
- To interview candidates and campaign workers.
- To take pictures, or collect campaign material for scanning.

Recording basic figures – like how many posters and where, how many people attended the forum during different time period...etc

No actual counting, but each candidate have around 8 posters (Total 4 candidates)

Description of findings – could be in the form simple narrations, or in the form of

questions and answer...

In this field trip we aimed to find out the election campaign plan of the candidates by collecting leaflets, and hopefully, meet the candidates themselves. This is to provide information for our further research in the later time.

But unfortunately, after an hour of wandering, we still cannot discover any signs of election activities. It seems the district is dominated by property agencies instead, as there is a sample flat in the Olympic City Phase 2.

After an hour, we decided to give up.

Conclusions drawn from your observation

Unluckily, we cannot find any clues or signs in this fieldtrip. Both of us guess that this is due to timing: as there is still 2 weeks time from the election day. It is expected that the election campaign may even not yet started.

New questions generated from your observations or findings

Open questions for discussion by all team members

When will the election campaign start?

Are there any more effective ways to collect information of election forum or other election activities?
